icomfort™
system

The best of Lennox® innovation— with a simple touch.

So simple. So smart.
So comfortable.™

The new icomfort by Lennox™ system synchronizes Lennox' most advanced products with a sleek, menu-driven touchscreen thermostat. It's so simple, the thermostat can be programmed in seconds. It's so smart, **system components exchange information as needed to optimize performance.** All this adds up to a home environment so comfortable, you can relax and enjoy conversations with good friends and close family without thinking twice about your HVAC system.

Bringing together the best of Lennox

The icomfort™ system is centered around the amazingly simple, yet brilliantly sophisticated, icomfort Touch™ thermostat. This **easy-to-use touchscreen thermostat is the "brain" of the system,** sensing the environment and optimizing Dave Lennox Signature® Collection flagship products. The result is the highest level of comfort and innovation Lennox has to offer.

Discover the true balance of energy savings and comfort

Achieving your ideal home environment has never been so easy and effortless. Simply set the icomfort Touch to meet your specific comfort needs and let your icomfort system do the work. It will combine and coordinate the benefits of each icomfort-enabled unit to deliver unparalleled comfort.

To achieve this level of performance and efficiency, the icomfort Touch must be installed with an icomfort-enabled indoor unit. Once your home is equipped with an icomfort system, you will enjoy:

Easy touchscreen operation – setting and changing your thermostat is a snap

Cost-saving efficiency – save on your monthly energy costs (especially during the hot summer and cold winter months)

Balanced air quality – from humidity to dryness, allergens to mold, an icomfort system works together to optimize your air

Precise temperature control – advanced components produce consistent temperatures throughout the home

Long-term peace of mind – rely on the best warranties Lennox has to offer

Simplified service – features designed for your installer and service professional allow him/her to do their job quickly and effectively

**icomfort™
system**

The best of Lennox® innovation— with a simple touch.

Exclusive thermostat makes control easier than ever.

[icomfort Touch™—ideally suited to your comfort level](#)

The icomfort Touch is Lennox' most user-friendly programmable thermostat featuring state-of-the-art technology. Intuitive, menu-driven programming screens make it easy to create a schedule that matches your comfort level and lifestyle needs, and can be programmed to conserve energy. According to the U.S. Department of Energy, a **programmable thermostat can reduce home heating costs by up to 35% and cooling costs by up to 25%.**

Once you've chosen your settings for the day or week, the icomfort Touch takes command and makes adjustments as needed to optimize performance—**allowing you to feel comfortable** without ever having to think about it.

Matching your system

Replacing only one part of a system may result in a mismatch that compromises energy efficiency. For best performance, it's generally a good idea to replace the entire system at once.

Optimizing your system

The innovative icomfort Touch™ is designed to integrate with the following:

Home Generator – Offers dependable protection during unexpected power outages. Available in a variety of sizes to meet the needs of every home.
